СЛАЙД 1

Today some of the students are the British and some of them are Russians. Let's begin with the British.

You are welcome!

ПРЕЗЕНТАЦИЯ 1

Выходит группа учащихся.

- We'd like to present a project «WELCOME TO GREAT BRITAIN» СЛАЙД 2
- We live in an island state. It covers a territory of two large islands and several smaller ones. Its coast is over 6,000 miles long.
СЛАЙДЫ 3,4,5,6,7,8,9,10,11,12,13.
- The south and the east of the island consist of flat plains or hills. Mountainous areas are found only in the north and west. In that country you are never very far from the coast and there are lots of seaside resorts. It has a mild climate. It is never very cold or very hot.
СЛАЙДЫ 14, 15.
- The English like to speak about the weather. People talk about the weather more in Britain than in most parts of the world. British people say, «Other countries have a climate, in England we have weather.»
- Let's listen those people.

ДИАЛОГ 1

- You come from England, don't you?
- Yes, I do.
- What's the climate like in your country?
- It's mild, but not always pleasant. The weather is often rather cold and windy. It often rains, especially in the west.
- Which is the best season in your country? I like spring and summer. The days are long and the nights are short. The sun rises early and sets late.
- And it is warm, isn't it?
- Yes, it is. But our weather is very changeable. It may be fine in the morning and dull and rainy in the afternoon.
- They say, the English like to speak about the weather.
- Oh, yes! The weather is our favourite subject of conversation.

ДИАЛОГ 2

- Hello. How do you like the weather?
- It is just lovely: warm and sunny. I hope it'll keep fine.
- Do you know the forecast for tomorrow?
- Yes, it will be cloudy and warmer than today. We may have heavy rain and even showers in the afternoon.

ДИАЛОГ 3

- What is the weather like today?
- It is getting cold and windy.
- What's the temperature?
- 12 degrees above zero.
- Do you think it will rain in the afternoon?
- Yes, it looks like rain. The sky is getting dark.

СЛАЙД 16

- We live in a small country with a mild climate and a history of centuries of efficient road building materials. We rarely have severe winter frosts that damage the roads very much, and we do not normally suffer from heat, drought or flooding.
So the roads in Great Britain are really good.

СЛАЙДЫ 17,18,19,20.

- About 44% of the population spend time gardening. The climate is ideal. Most of us do not need to grow vegetables, but home grown vegetables taste better than those in shops. We also grow flowers and have a passion for lawns of grass which stay green throughout the year.
- The British love spending their spare time in the parks and gardens. They like to dream, to talk and to discuss different problems.

СЛАЙД 21 «Бабушка и внучка»

ДИАЛОГ 4

Girl – Grandma, where were you born?

Grandma – I was born right here in the village, near Brighton in Sussex.

Girl – What did your parents do?

Grandma – They were from Ireland. They were farmers. They emigrated from Ireland over a hundred years ago.

Girl – Where did you go to school?

Grandma – At the local school. Over there.

Girl – What did you want to be?

Grandma – I wanted to be a nurse or a teacher.

Girl – Were you a nurse?

Grandma – No. I learned to be a secretary. Then I worked in a bank in Brighton for five years.

Girl – What happened then?

Grandma – Well, it was like this, you see. Grandpa worked in the bank as well. He was the manager. And I married him. For better or for worse!

Girl – So you were the bank manager's wife.

Grandma – Yes, I was. And I was the assistant bank manager as well.

----- Among us there is one girl from Russia – Julia. She is phoning home. She is going to tell her mother about her impression of England.

Флаг России, карта России

Russia is the largest country in the world. It occupies about one- seventh part of dry land. It is situated in Europe and Asia. Its total area is over 17 million square kilometers. The country is washed by seas and oceans (далее по цепочке ученики рассказывают тему)

- Imagine yourself in a plane flying over its territory. You will see wonderful sights – СЛАЙДЫ 2,3,4,5,6,7,8,9,10,11.- blue lines of the rivers, blue mirrors of the lakes and seas, green meadows, plains, forests and mountains. You will enjoy every minute of your flight.

СЛАЙД 20 – ЗИМА

There are different types of climate on the territory of this country. It is very cold in the north even in summer.

- Why don't you go out, Mary? I don't like the way you sit at home and read all day long.
- But there is a hard frost, Dad
- You haven't been out yet, so now do you know?
- Kate says – it is very cold and windy.
- Kate doesn't know. Go for a walk, please
- Oh, Dad. I've got such a wonderful door and I'm so comfortable here.
- Look, how pale you are. An hour or two in the open air will do you good. Just put aside that book, get into your coat and go out like a good girl.
- Oh, all right

Nature has not been kind to Russia. Much of European Russia and Siberia is very cold most of the year. This explains why Russians often are inactive for long period and then show bursts of energy. СЛАЙДЫ 21,22,23.

The harsh climate explains the Russians strength, their ability to overcome hardships, as well as their patience and submission.

СЛАЙД 24.

Russia is our Motherland. It is our home and we must take care of it.

We must keep our environment clean. But sometimes СЛАЙДЫ 25-27

СЛАЙДЫ 28-32

Ученик декламирует стихотворение:

Remember, Russia, you are great

Not in the fields of battles past

But in the green fields full of wheat

And forests, gardens, free of dust.

I love you deeply, dear land!

Your hills and rivers, sand on strand,

Your songs and dances, lakes and seas,

Your beasts, fish, and birds in trees.

Your sunrise in a splendid sight

Russian people like gardening. They grow apples, grapes, pears, plums and cherries. They also grow flowers.

СЛАЙДЫ 33-35
